Sutton Park walk 8th March 2023

Six of us met on the car park next to the Blackroot Bistro at Sutton Park on a cold and snowy morning, this was soon forgotten as Carol led us on a just over 4 mile walk.

Very enjoyable and a beautiful park to walk in, we stopped for coffee beside one of the pools watching a heron fishing and finding Carol's secret path through a mysterious wooded area ending up back at the Backroot Bistro for lunch before leaving for home. Excellent.
