Balsall Common 26th July 2026

5 of us met in Balsall Common to embark on a walk which turned out to be slightly longer than predicted at 13 miles due to HS2 works.

A significant part of this walk followed the Heart of England Way.

We passed through the beautiful church at Berkswell and our first coffee stop was in the lovely village just past the church.

We carried on to Meriden and stopped in the grounds of the Church for lunch which offered fabulous views.
