Leek Wooton, 4th March 2026

16 members arrived for a 4.19 mile walk from The Anchor Inn, Leek Wootton. We were once again blessed with beautiful weather on this day despite constant rain to the days prior. Walked through church yard onto elevated path which overlooked views of Warwickshire Golf Course and Leek Wootton and Guy's Cliffe Country Park. This led us on to a small section of the Centenary Way/Millennium Way through wooded area and deep mud. Had lunch at The Anchor Inn on return which offered excellent food and excellent service.
