WHY NOT BECOME A MEMBER?

The 100 mile Heart of England Way and 26 mile Arden Way are nationally recognised long distance footpaths founded by the Association over 25 years ago. We are a non-profit member organisation and continue to warden, liaise and co-operate with the County and Borough Councils to ensure that the footpaths remain way marked and free from obstruction.

By becoming a member you will:

- Be able to join our programme of twice monthly guided walks.
- Receive newsletters which contains information and articles about the work of the Association plus general and historical interest articles about the countryside along the Ways.
- Ensure that the use and enjoyment of the footpaths is promoted through our wardening and small projects programmes.
